Last chance to join... In June 2014, the Steering Group reached a Â£1,000,000 fundraising target and in July 2014 raised over Â£1,000,000 in the next round of fundraising. With the help of over 400 volunteers we raised over Â£1,185,000 in total. . The money raised from the whole Capital Campaign will go directly to the service we provide the children and young people of Clacton.. Friends of the Library Community Interest Company We are the Friends of the Library Community Interest Company and fundraise for the County Libraries. We fundraise by keeping under wraps the interest free loan in our community and in our local area. The Robert Giroux Community Centre in our town deserves a modern and vibrant community heart. Our Community has transformed to become a Community Centre that is appreciated by the whole of Clacton and surrounding towns. In order to achieve this we need funding to refurbish the building including the lighting, heating, ventilation and the opening of the building throughout. The benefits of the project It is not just an extension of our local library. It will inspire and provide a vital community centre. It will enhance and transform the social and community life in the town centre and in the local area. How the money will be spent Lighting, heating and ventilation including within the roof structure is the main element within the new project. How will it be spent? The opening up of the building to provide a place for work to be undertaken and to gain access to the library, is the other main element of the project. Brass and coins must be provided for the new roof structure. Friends of the Library Community Interest Company Ltd will also provide funds to start up the new building. The benefits of the project It will be a focal point for the area and reflect our local community and will enhance the area of the town. How the money will be spent The main element will be refurbishment of the exterior and the interior. The building will provide a focal point for the area and reflect our local community and will enhance the area of the town. How will it be spent? The main element of the project will be refurbishment of the exterior and the interior. The benefits
