
**Dying Light The Following Enhanced Edition-GOG Cheat Engine
!!!INSTALL!!**

as mentioned above, this cheat will add all upgrades to your build. this will add the all upgrades perk to every upgrade slot, allowing you to build a character with maximum stats, stat bonuses and perks. if you want to see the effect this has on your build, enter the following cheat into the console: `upgrades.perkpointsall`. this gloriously simple cheat just requires you to ask for an item named money, and then plug in the amount you want. so, for example, netting yourself \$250,000 of sweet night city lucre is as simple as entering the following command into the console using one of the container formulas above: `items.money,250000`. not a bad day's work for a quarter of a million, right quietkangaroo50. please make sure your version of the game is up to date. try switching to a previous version of trainer - this fixed a crashing issue for another player previously. this post explains how: [dying light cheats and trainer for steam](#). once again, console commands are here to save the day, as entering the following cheat string into the console command container will deposit as many tabula e-rasas as you want directly into v's inventory: `items.perkpointsresetter`. you can then consume as normal to allow you to redistribute all v's perk points; though unfortunately there's nothing you can do to reset their skill points for now. this gloriously simple cheat just requires you to ask for an item named money, and then plug in the amount you want. so, for example, netting yourself \$250,000 of sweet night city lucre is as simple as entering the following command into the console using one of the container formulas above: `items.money,250000`.
